Louisburg College

BULLETIN 1970-1971

May I congratulate you on your interest in continuing your education beyond high school. I do not need to remind you that education is not a luxury, but is the gateway to a richer and a more worthwhile life. Furthermore, it provides the opportunity to broad preparation in a variety of fields.

The choice of a college is important. Fortunately, the high school graduate of today has a variety of institutions from which to choose.

Louisburg College does not profess to be all things to all students. The student, however, who is looking for or needs personal attention and desires to work in an atmosphere of friendliness and Christian ideals, who wants a solid academic foundation, will find Louisburg a good place to spend two fruitful years. Our faculty members are well trained, experienced, and vitally interested both in the student and the subject they teach. Our students are congenial, serious-minded, and willing to apply themselves to study and to a well-rounded campus life. If you are looking for this kind of college, and if parents are interested in this kind of institution for their sons or daughters, let me encourage you to read more carefully the pages of this catalogue. Prospective students and their parents are invited to visit the campus and become better acquainted with the faculty and students, the facilities, and above all, the spirit that is Louisburg College.

Sincerely,

A handwritten signature in cursive script that reads "C. W. Robbins". The signature is written in dark ink and is positioned above the printed name and title.

PAST AND PRESENT

General Information

LOCATION

Louisburg College is located at Louisburg, the county seat of Franklin County, in eastern North Carolina. The College is situated on the highest points of land in the town, and its buildings command a fine view of the surrounding country and the valley of the Tar River. The town of Louisburg, with a population of about three thousand, contains few of the distractions of the city, but convenient bus transportation is available to nearby cities. It is about thirty miles northeast of Raleigh, the state capital, forty miles east of Durham, and about a hundred and fifty miles from the North Carolina beaches on the Atlantic.

Louisburg is the coeducational junior college of the North Carolina Annual Conference of The United Methodist Church. As a junior college it has served primarily three types of students: those who seek a solid academic foundation in order to transfer to a four-year college; those who seek to bridge the gap between high school and a large institution by attending a small college capable of giving them personal attention; and those who plan terminal work at the freshman or sophomore level, as in business or medical technology.

IDEALS

As a college and as a United Methodist institution, Louisburg holds up to its students the ideals of Christian character, sound scholastic achievement, general cultural growth, and social responsibility. The College attempts to (1) equip students to search for truth and to appreciate beauty; (2) promote physical and mental health, clean sports, wholesome recreation, and creative use of leisure; (3) open the door to a liberal education and proficiency in a career; and (4) help students to establish Christian values for personal enrichment and for the fulfillment of their responsibilities to God and to their fellowman.

HISTORY

Evolving from three earlier institutions—Franklin Academy, Louisburg Female Academy, and Louisburg Female College—Louisburg College is the oldest chartered denominational junior college in the nation.

In 1779 the legislature of the infant state of North Carolina organized a new county to be named for the foreign minister to France, Benjamin Franklin, who had recently negotiated a mutual defense alliance that would make the independence of the new states possible. On an ancient Indian trading ground on the banks of the Tar River, the legislature authorized the settlement of the county seat. In honor of Louis XVI, the reigning French monarch, the grateful legislature named the county seat Louisburg, and in the town charter a public commons was set aside on the highest point of ground. This town commons is today the campus of Louisburg College, an institution born when this nation was young, and now with this nation it is growing to maturity.

In 1786, three years after the Revolution, enlightened citizens of Louisburg, now a tiny village nestled on the folds of the Tar, petitioned the legislature for an academy. On January 6, 1787, Franklin Academy was chartered, and a contract was signed for the construction of an academy building. At the present time there is no further evidence of the operation of the first

academy, but in 1802 the academy was rechartered by a new board of trustees, which included Major Jeremiah Perry, a soldier of the Revolution; Major Green Hill, a founder of Methodism in North Carolina; John Haywood, a judge of superior court and former state attorney general; and Dr. Alexander Falconer, a scientist and a graduate of St. Andrews College, Scotland.

Franklin Academy opened on January 1, 1805, in a two-story frame building which had been constructed the previous year and which still stands on the east campus of Louisburg College. Offering a classical curriculum, the academy was under the able direction of a recent graduate of Yale, Matthew Dickinson, who was a maternal uncle of Cyrus W. Field, the layer of the first trans-Atlantic cable. On July 2, 1805, the first examinations were held at the academy in English grammar, geography, Latin, and French. The following day, before "... a most numerous assemblage of ladies and gentlemen . . ." the students delivered orations and dialogues, and acted a play.

Dickinson offered two levels of instruction. The first consisted of Reading, Writing, Arithmetic, English Grammar, Geography, Belles Lettres, and Rhetoric; the second embraced "... Ethics and Metaphysics, the Latin, Greek, Hebrew, French, and Italian languages, and the higher branches of Metaphysics and Philosophy viz: Algebra, Geometry, Trigonometry, Conic Sections. . . . Surveying, Navigation, Natural Philosophy, and Astronomy . . ." The academy prospered and soon had an enrollment of seventy students annually. A Connecticut visitor described the academy in 1808 as a "... pleasant building on the hill . . .," and noted Dickinson's observation that "... literature is much respected in these parts and literary men revered . . ." In 1813 a female department was added to Franklin Academy, beginning the second stage of the evolution of Louisburg College. Two notable headmasters of Louisburg Male Academy were John B. Bobbitt of the University of North Carolina, who served two terms—1816-1820 and 1832-1843—and Matthew S. Davis of the University of North Carolina, who served 1856-1881.

"In the female department young ladies were to be instructed," so the opening announcement read, in "Reading, Writing, English Grammar, Arithmetic, Geography, Astronomy, Painting, and Music, also useful and Ornamental Needle Work of almost every description." A legislative document of 1814 incorporated the Trustees of the Louisburg Female Academy and provided for the deeding to the academy of any of the unappropriated town lands. The original building for this school, erected in 1814, was described by the commissioners, in inviting bids for construction, as 30 by 20 feet, 2 stories—11 and 9 feet pitch—two rooms above, 18 by 20 and 12 by 20 feet—three 6-paneled doors—four 18 and four 8 light windows below, and six 16 and four 8 light windows above—to be built of good hard timber—with two chimneys of brick or hewn stone, and underpinned with the same—to be ceiled within and painted without."

The new building completed, Miss Harriet Partridge, "a lady from Massachusetts, eminently qualified," became the "preceptress." The early records reveal that by 1817 there was an average enrollment of seventy-five and that the preceptress received an annual salary of five hundred dollars. Miss Partridge was assisted by a Mr. John Lataste, who was distinguished, according to the official advertisement, by his "universally acknowledged qualifications in teaching music upon the Forte Piano, as well as his graceful and elegant manner of teaching dancing." By 1838 Latin and French had been added to the curriculum and instruction in the guitar and other instruments had been instituted.

Responding, in 1855, to the need for higher education of women, the Louisburg Female College Company was organized as a joint-stock enterprise to begin the work of converting the academy into a college. By a legislative act of the company acquired interests in the academy ground, moved the academy buildings to another part of the property, and constructed a four-story Greek-Revival structure at the cost of \$16,000. Instruction was begun in the fall of 1857 under the presidency of Mr. James P. Nelson of Maryland. During the spring of 1865 the community was occupied by a Union cavalry force, which camped in the Oak Groves of the College campus. The College building was used as a hospital and the headquarters of General Judson Kilpatrick; the academy building was utilized as a granary.

The post-war reconstruction years were lean years for the College. After opening and closing twice, the College reopened in 1889 with an enrollment of about a hundred, under Mr. S. D. Bagley, who was assisted by eight teachers. A preparatory department was conducted in the old academy building. Mr. Matthew S. Davis, who had previously been principal of the male academy, became president in 1896 and held the office until his death in 1906, when he was succeeded by his daughter, Mrs. Ivey Allen.

During these latter years the College had been run under the care of the Methodist Church, although the church had given nothing to its support and in theory it had continued to belong to the stock company. By virtue of money he had lent to the institution, Mr. Washington Duke, the Durham philanthropist, had in 1891 become real owner. In 1907, upon Mr. Duke's death, his son, Mr. Benjamin N. Duke, presented the property to the North Carolina Conference of the Southern Methodist Church. In 1911 the three-story Davis Building was erected as a memorial to Matthew S. Davis. In 1915, under the presidency of Mrs. Allen, the College was reorganized with junior-college rating.

Under the presidency of A. W. Mohn, the years 1922 to 1929 were a period of building expansion. During this period the West Wing, the Pattie Julia Wright Dormitory, and the Franklin County Building were erected.

The College entered another period of crisis in 1928 when disastrous fires destroyed the old academy building and gutted the main floors of Main building and the West Wing. Closely following the fire came the Depression of 1929, and the College was burdened with heavy debt and a shrinking enrollment. In 1931, under the presidency of Dr. A. D. Wilcox, the College became coeducational. By the end of World War II the College debts had been paid, particularly during the administration of Dr. D. E. Earnhardt, 1936-1939, and Dr. Walter Patten, 1939-1947. Under the presidency of Samuel M. Holton, 1947-1955, the gymnasium was built and the College received accreditation by the Southern Association of Colleges and Schools.

The most rapid development in the history of the College has occurred under the leadership of Dr. Cecil W. Robbins, who became president on July 1, 1955. The student body, budget, faculty and physical plant have been substantially increased. The central heating plant was completed in 1956. The Benjamin N. Duke College Union was opened in 1959; in 1961 the College acquired the Mills School property on the east side of Main Street, thereby restoring the original campus of the Franklin Academy as designated in 1787. Patten Hall, a men's dormitory, was opened in 1962. The Auditorium-Classroom Building (1961) was remodeled from the old Mills School, and an adjacent modern brick structure has been remodeled as a Fine Arts Center. A 104-bed dormitory for women, Merritt Hall, was opened in the fall of 1963, and in the fall of 1965, the Cecil W. Robbins Library building was occupied.

In 1968 Sarah Graham Kenan Hall, a 104-bed dormitory for women containing a 24-bed infirmary, was opened. Also in 1968 a new maintenance building was erected.

ACCREDITATION

Louisburg College is accredited by the Southern Association of Colleges and Schools, the University Senate of the United Methodist Church, and the North Carolina Board of Education. In addition, it is a member of the American Association of Junior Colleges, the North Carolina Association of Colleges and Universities, the Southern Association of Junior Colleges, the North Carolina Council of Church-Related Colleges, the Southeastern Conference of Church-Related Colleges, the National Junior College Athletic Association, and the Association of Eastern North Carolina Colleges.

CAMPUS

The campus of the College covers an area of about fifty acres. It contains an oak grove, modern college buildings, parking lots, lawns, tennis courts, varsity athletic field and an intramural athletic field.

Eighteen buildings are located on the campus: the Main Administration Building, the West Wing of the Administration Building, the Davis Memorial Building, the Pattie Julia Wright Memorial Dormitory, Patten Hall, Merritt Hall, Sarah Graham Kenan Hall, the Franklin County Building, the Fine Arts Center, the Holton Gymnasium, the Benjamin N. Duke College Cafeteria, the Faculty Apartments, the Cecil W. Robbins Library, the Central Heating Plant, the Book Store Building, the Auditorium-Classroom Building, the Maintenance Building, and the old Franklin Academy Building.

BUILDINGS

The *Administration Building (Old Main)*, a four-story brick building, was opened in 1857. In it are located the offices of the President and the Director of College Relations. The social hall, the post office, and some academic offices are also located in the Main Building. Main, with its Greek Revival facade, has typified the historic Louisburg College to generations of alumni.

Davis Memorial Building was erected in 1913 as a memorial to Matthew S. Davis, president of the College from 1896 to 1906. Davis Building contains the offices of the deans, business and administrative offices, some faculty offices, and the "Little Chapel." The third floor contains a dormitory for second-year students.

The *West Wing* of the Administration Building was erected in 1924 and contains a Trustee Conference room, Testing and Guidance rooms, and offices.

The *Pattie Julia Wright Memorial Dormitory* was the gift of Mr. R. H. Wright of Durham, North Carolina, in memory of his sister, Pattie Julia Wright, who was a member of the class of 1868. This dormitory accommodates one hundred and six women.

The *Franklin County Building* was constructed in 1927 with funds donated by the people of Franklin County in appreciation of the more than one hundred and fifty years of service rendered to the community by the College. It contains science laboratories and lecture rooms, and forty-four dormitory rooms on the upper floors.

The *Benjamin N. Duke College Union Building* is a memorial to Mr. B. N. Duke, who gave Louisburg College to the North Carolina Conference in

1907. Erected in 1958, the building contains the cafeteria, the student supply store, and the soda-shop.

The *Auditorium-Classroom Building*, located on the east side of Main Street, contains an auditorium with a seating capacity of 750, eighteen classrooms, faculty and student lounges, faculty offices, and the drama workshop.

Patten Hall is a 96-bed men's dormitory, completely modern in style and furnishings and equipped with lounges on each floor. It was occupied by students in the fall of 1962 and later named for Dr. Walter Patten, President of the College from 1939 to 1947.

Merritt Hall, modern in furnishings and design, was opened in 1963 and houses one hundred and four women. It is named for Miss Ruth W. Merritt, valuable member of the faculty since 1941.

Sarah Graham Kenan Hall, a new dormitory housing 104 women and containing a 24-bed infirmary, was opened in 1968. It is named in memory of Sarah Graham Kenan, whose foundation contributed generously to the College over a four-year period toward faculty salaries, scholarships, library resources, and to the infirmary.

The *Fine Arts Center*, first used during the 1963-1964 session, was extensively remodeled to house the Art Department and the Music Department.

The eight-family *Faculty Apartments* house several faculty and student families.

The Central Heating Plant was erected in 1956. It provides heat and hot water for all the buildings on the West Campus. Each building on the East Campus has its own heating facilities.

FACILITIES

The *Cecil W. Robbins Library Building*, a thoroughly modern air-conditioned structure combining traditional and contemporary architecture, was opened in 1965. It contains approximately 35,000 volumes and seats 250. It also has a 100-seat auditorium-lecture-audio-visual room and the adjoining Audio-Visual Center. The library is open from 8:00 a.m. to 10:00 p.m. Monday through Friday, and is open at stated hours on the weekend.

Laboratories for the sciences and modern languages are well-equipped and are being constantly improved. The chemistry laboratories are located on the first floor of Franklin Building. One laboratory is completely equipped for individual work in general and organic chemistry, and a second for individual work in analytical chemistry, both qualitative and quantitative. These laboratories are supplied with both basic and specialized chemical apparatus from a large and well-stocked supply room on the same floor and a complete stock of both inorganic and organic chemicals. Also located on this floor is a modern instrumental laboratory containing the latest equipment for chemical instrumentation, including analytical balances, Mettler and Sartorius balances, pH meters, a potentiometer, spectrophotometers, colorimeters, a conductivity bridge, and nuclear chemistry apparatus. All laboratories have been remodeled, with particular attention to lighting, to create an attractive environment for laboratory work. Adjacent to the laboratories are two classrooms equipped for lecture demonstrations.

Also located on the first floor of Franklin Building is the laboratory for physics.

The biology department laboratories occupy space in the basement of Franklin Building. The equipment includes models, a micro-projector, a lantern-slide projector, and a microscope for each student.

A modern shorthand laboratory for business students, incorporating the EFI Learning Systems, is located in the Auditorium-Classroom Building.

A completely new language laboratory, utilizing the EFI Learning Systems, is located in the Auditorium-Classroom Building. It contains 30 positions in addition to audio-visual aids, foreign language records, and listening and recording devices.

The Infirmary is located on the ground floor of Kenan Hall. Modern in every respect, it will accommodate twenty-four patients.

PLANS

Future projections include the restoration of the academy building as a museum, the construction of a science building, a student center, additional recreational facilities, a chapel, a president's home, and additional dormitory space for men. Louisburg College expects to remain small, but it is working continuously to improve its physical facilities in keeping with its policy of providing quality education in a wholesome, Christian atmosphere.

NONDISCRIMINATION

Louisburg College has filed with the Federal Government an Assurance of Compliance with all requirements imposed by or pursuant to Title VI of the Civil Rights Act of 1964 and the Regulation issued thereunder, to the end that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity of this institution receiving Federal financial assistance. Under this Assurance, this institution is committed not to discriminate against any person on the ground of race, color or national origin in its admission policies and practices or any other policies and practices of the institution relating to the treatment of students and other individuals, including the provision of services, financial aid and other benefits, and including the use of any building, structure, room, space, materials, equipment, facility or other property. Any person who believes himself, or any specific class of individuals, to be subjected to discrimination prohibited by Title VI of the Act and Regulation issued thereunder may, by himself or a representative, file with the United States Commissioner of Education or with this institution, or both, a written complaint.

CAMPUS LIFE

at Louisburg

The friendly atmosphere of Louisburg is attainable only in a small college. Strangers on the campus note with pleasure that they too are included in the general affability resulting in part from the special faculty-student relationship that prevails. The student who likes to discuss his activities and problems with adults find that his faculty adviser or any faculty member is glad to talk with him. On the other hand, the young person who has achieved a degree of maturity at which counseling is at most only a secondary need finds that his independence is respected.

RELIGIOUS INFLUENCE

Louisburg College is a United Methodist college which strives for the Christian development of its students as one of the foremost objectives of its program. Hence the administration does all in its power to create a congenial atmosphere which is conducive to the development of Christian character. To this end the College insists that the faculty be of contagious Christian character and do all in its power to develop and maintain Christian standards on the campus.

Courses in Old and New Testament, the life and teachings of Jesus and Paul, Christian doctrine and philosophy, and methods of church work are offered. The College observes a Religious Emphasis Week in the fall of each year, when a visiting minister conducts meetings daily. The students are urged to attend and take an active part. Louisburg's well-established churches of three leading denominations, Methodist, Baptist, and Episcopal, afford opportunity for training in worship and in the practice of approved methods of church work. Under the guidance of the Director of Religious Activities, students are urged to join in some form of religious activity in addition to required weekly chapel attendance.

Town and Country Church Work. In cooperation with the Commission on Church and Community of the North Carolina Conference and other agencies of the United Methodist Church, Louisburg College offers a curriculum for those preparing for the ministry and for local church service. A member of the College staff who is a specialist in this work is available for field work.

Chapel. A chapel service is held each week. The Trustees and the Faculty regard the chapel exercises as an integral part of the work of the College; accordingly, regular attendance is required of all students. Faculty members and student organizations offer programs, and the ministers of the town and nearby communities are invited to present religious messages.

PERSONAL DEVELOPMENT

The Orientation Program. The orientation program assists the student in adjusting to college life and to increased responsibility for himself and his academic progress. It is designed to help students become intelligent citizens in the college community. The Freshman Orientation at the beginning of the fall semester includes:

1. Informal gatherings, lectures, and various student activities which induct the freshman into the group and acquaint him with the customs and traditions of the College. Placement tests are given during this period providing the faculty with information essential to effective guidance.

2. Library talks conducted by the librarian with small groups of freshmen. The students explore the facilities of the library and are initiated into the use of the card catalogue, reference books, the reserve systems, and other features.

3. Discussions with the freshmen led by well-qualified persons and centering on topics such as the objectives of college education, how to budget one's time, techniques of study, personal hygiene, dormitory life and behavior, the grading system, and the curricula.

4. Chapel and assembly talks given by members of the faculty and by students in the first few weeks of the fall semester on the various problems of campus life.

The Orientation Course is required of all first-year students. It deals with curriculum, effective study habits, vocations, and personal and group adjustment. This program is scheduled during the first part of the fall semester.

Guidance Service. This service is designed to assist the student in dealing with the problems of his scholastic, vocational, social, and spiritual life through counseling, testing, orientation, and provision of information.

Each student is assigned a faculty adviser on the basis of his interests, course of study, and special requirements. The student is encouraged to talk to his faculty adviser when he needs confidential and sympathetic counseling.

All students entering college are given placement and aptitude tests chosen for the special purposes of educational and occupational guidance. Students who feel the need of additional tests and more thorough analysis of interests and aptitudes may use the facilities of the Testing and Guidance Office.

The Testing and Guidance Office maintains a library of educational and occupational information concerning the colleges to which the student may transfer, trade or technical schools, occupational opportunities, and scholarships.

PHYSICAL CARE

Health Administration. Complete health service is offered the Louisburg College student. A graduate nurse is in attendance at all times in the infirmary, and the College physician makes regular calls. Students who contract minor illnesses are promptly transferred to the infirmary to receive proper care and to insure the health of the College community. In case of serious illness, parents or guardians are notified at once, but if they cannot be reached speedily enough in an emergency, the College will make whatever provision is deemed expedient by the College physician. The Franklin County Memorial Hospital, modernly equipped, is located in Louisburg, and its facilities are available to the College and its students.

Each prospective student is asked to return a questionnaire concerning his health history prior to enrollment. Students who fail to do so will be examined by the college physician at the student's expense. Additional examinations will be made whenever needed or requested, and records of these are referred to when questions arise concerning the amount of curricular and extracurricular work and physical activity the student can undertake.

Students whose examinations reveal physical defects are excused from the regular course in physical education and are assigned to corrective gymnastics or to sports especially adapted to their needs.

Physical Education. The major purpose of the physical-education program is to provide a variety of sports activities in a healthful and pleasant environment and to equip the college student with skills in sports that he may carry on in his leisure time and after graduation. Students who have a minor

physical defect are offered a suitable type of exercise. The physical education program includes such varied intramural sports as tennis, softball, volleyball, basketball, soccer, track, horseshoes, ping-pong, baseball, archery, and badminton.

Monogram Club. Sponsored by the Director of Athletics, the Men's Monogram Club awards monograms to those who have revealed marked ability in athletic activities. Its aim is to foster superior ideals of sportsmanship.

CULTURAL AND SOCIAL ACTIVITIES

Cultural Program. A significant aspect of education is the development of the student's capacity to appreciate and enjoy the expressions of his own cultural tradition in art, literature, music, and ideas. Much of the regular curriculum is devoted to this effort; but the College strives toward this goal in other areas as well.

The Louisburg College Concert Series features various performers in the concert field as well as the outstanding lectures and artists who appear on the assembly programs. Other features include selective art films, guest recitals, and art exhibits by artists of state and national reputation.

Since Louisburg College holds its cultural and social program to be an integral part of the educational process, attendance at some events will be required of freshmen.

Student creative contributions are encouraged in the dramatic club, the glee club, the newspaper, and the literary magazine. Students also enter their sculptures, crafts objects, ceramics, photographs, and paintings in exhibits in the Fine Arts Building.

Social Life and Entertainment. The small, church-related college offers distinct social advantages. The democratic atmosphere among students is a conscious objective of social life at Louisburg. The Social Committee of the faculty maintains a balanced program of social activities, some of which are annual traditions of long standing.

The *reception for new students* held regularly during the orientation period is the first social function of the school year.

Alumni-Homecoming Weekend is held in November featuring class reunions and a varied program. The weekend activities include the Fall Dance sponsored by the Sophomore Class.

Parents' Day, held each year in early October, brings hundreds of parents to the campus for fellowship and information about the College. Ample opportunity is given for consultation with each Louisburg College professor.

The Spring Dance, sponsored by the Freshman Class, is a gala event held in April.

The commencement program includes the breakfast for graduates on Saturday morning; the annual alumni banquet on Saturday night; the baccalaureate sermon on Sunday; commencement exercises Sunday afternoon, including the awarding of degrees and honors; and, after the commencement exercises, the president's reception for the graduates, their parents, and friends.

Other traditional activities such as class and club entertainments and faculty-student dinners balance a comprehensive extraclass calendar.

COLLEGE PUBLICATIONS

The *Louisburg College Bulletin* is issued in September, October, December, January, February, March, April, and June, one issue being the cata-

logue number. Its purpose is to keep former students and friends of the College informed as to its problems and progress.

The Louisburg College Journal of Arts and Sciences is a newly established publication intended primarily for reports of research carried on by members of the Louisburg College faculty. It is edited by the Publications Committee of the faculty.

The Oak is the college annual. It is issued by the sophomore class as the record and souvenir of the two classes present at the College each year.

Columns is the campus newspaper, edited by the students under the supervision of a faculty adviser. It is published twice a month.

The Collegian is the College literary magazine which is published periodically.

STUDENT ORGANIZATIONS

Student Government Association. A new Constitution and By-laws of the Louisburg College Student Government Association was adopted by the student body in 1964. Officers are elected in the spring of each year according to the Constitution and By-laws.

The entire student body is represented through its officers: President, Vice President, Secretary and Treasurer. These four officers compose the Cabinet, the executive and administrative agency of the Association.

The Women's Council and the Men's Council hold open meetings twice a month to discuss policies concerning the social and living regulations of students.

The Women's Judicial Board and the Men's Judicial Board meet as the need arises to recommend to the administration disciplinary action for students found guilty of violating the rules and regulations as set forth in the Constitution and By-laws.

The Student Government Association, within the framework of the rules and regulations set forth by the College administration, has the power "to make and enforce such rules as it may deem necessary for the maintenance of harmony and order within the student body. Cases involving personal immorality will be handled by the administration." It must be noted, however, that the Student Government Constitution recognizes the administration's right to review and reconsider any student government decision.

Inter-Club Council. The purpose of the Inter-Club Council is to represent the interest of all students of Louisburg College by promoting activities for their enrichment; educationally, morally, and socially. Membership consists of one representative from each student organization which is recognized by the administration.

Phi Beta Lambda. The Louisburg College chapter of Phi Beta Lambda (College Division of the Future Business Leaders of America) is open to all students who are regularly enrolled in the Business Department. Membership is also open to students preparing for careers in business or in business teaching. This chapter, which is affiliated with both state and national organizations, provides a means for social contacts within the department and sponsors educational programs pertaining to office practices and equipment and the selection of a vocation.

Glee Club. The Glee Club has weekly rehearsals. Selections which have wide appeal are studied and stress is laid upon tone quality, shading, firmness of attack, phrasing, and interpretation. From this group fifteen to twenty are chosen to compose the *Chapel Choir*. This group gives concerts during the year at various United Methodist churches throughout North Carolina. The Glee Club gives two concerts at the College—one at Christmas time and the other in the spring.

The Louisburg Players. In production throughout the school year, The Louisburg Players operate the College's educational theatre for the campus and community.

The University Christian Movement. This organization seeks to serve as an ecumenical instrument through which members of the Louisburg College community can listen to, speak to, and serve the Church and the College. Membership in the U. C. M. is open not only to those professing the Christian Faith but to students and faculty who wish to associate themselves with Christians in seeking answers to personal, national, and world problems. A strong feature of the U. C. M. is the opportunity for small groups of students and faculty to meet together for discussions, fellowship, and social action.

Denominational Groups. In the past, five of these groups have been active on the Louisburg College campus: the Baptist Student Union, the Canterbury Club (Episcopalian), the Methodist Student Movement, the Newman Club (Roman Catholic), and the Westminster Fellowship (Presbyterian). Other denominational groups may be organized when desired. These groups permit interested students to maintain contact with their respective churches and to continue their religious growth along with their intellectual development.

The Friendship Circle. Composed of students interested in fulltime church work, the Friendship Circle meets weekly for worship, fellowship, and study. Deputation teams are selected from the club and present programs in nearby churches.

The Fellowship of Christian Athletes. The Fellowship of Christian Athletes encourages athletes to grow in the Christian Faith and to relate their faith to competitive sports. Membership in the F. C. A. is open to any athlete.

Radio Station WSLC. Radio station WSLC provides interested students with an opportunity to gain practical experience in all phases of radio communication—technical, commercial, programming, and announcing.

Young Democrats' Club and Young Republicans' Club. The YDC and YRC foster an understanding of the political philosophies of their respective parties. From time to time they invite political figures of state and national prominence to the campus.

HONOR FRATERNITIES

Phi Theta Kappa. This is a national character-scholarship fraternity holding the same rank in the junior college that Phi Beta Kappa holds in the four-year college. The Gamma Upsilon Chapter of Phi Theta Kappa was chartered and organized at Louisburg College in the fall of 1939. Membership is open to students who have completed a semester in college with a B average, stand in the upper 10 per cent of their class, have achieved the proper number of quality points, are of good moral character, and possess recognized qualities of citizenship.

Alpha Pi Epsilon. Alpha Pi Epsilon is a national honorary secretarial fraternity open to students in the Business Department who attain a grade point average of B or better on specified business subjects and at least a B average on all other subjects in which the student is enrolled. These students must have outstanding personalities and rank high in character. Unanimous election is necessary for membership.

Beta Phi Gamma is the national junior-college honorary journalistic fraternity. Its purpose is "to recognize individual ability and achievement in journalistic pursuits in junior colleges; to serve and promote the welfare of the junior college through journalism; to establish cordial relationships between the students and members of the profession; and to unite in a fraternity

congenial students interested in journalism." Membership is open to students who have been duly registered at least a semester, who have a scholastic average of C on the last semester's grades, and have qualified in their journalistic endeavors.

Delta Psi Omega. Delta Psi Omega is a national honorary dramatic fraternity whose purpose is to recognize and reward all phases of student participation in college dramatic art and stagecraft. To become a member a student must have done outstanding work in acting, written a play that has been produced, or done efficient stage workmanship of any type. He must maintain an average of C on his academic work.

Sigma Pi Alpha. Sigma Pi Alpha is a national language fraternity. Its purpose is to stimulate interest in and understanding of the language and life of foreign countries. Among the requirements for membership are a general academic average of not less than C and an average in language courses of not less than B, and registration in an intermediate or advanced language course.

Alpha Beta Gamma. Alpha Beta Gamma is a junior-college chemistry fraternity. The Epsilon Chapter was established at Louisburg College in May, 1955. Membership in the fraternity is open to students whose scholastic accomplishment is high both in chemistry and in other subjects.

Psi Chi Sigma. Psi Chi Sigma is an honorary psychology fraternity. Its purpose is to advance the science of psychology, to encourage, to stimulate, and to maintain scholarship of students in psychology and in associated disciplines.

SUGGESTIONS AND REGULATIONS

What to Bring to College. The College provides the necessary furniture for dormitory rooms. Students should bring with them bed linen (all beds in the dormitories are single), covers, blankets, pillows, towels, a reading lamp and any other article which would add to the comfort and attractiveness of their college home. Rugs, curtains or drapes, lamps, pictures, and easy chairs are not furnished but may be supplied by the student. Girls are asked to bring a formal dress.

All students are expected to adhere to the following general regulations, and prospective students and new students should note them carefully:

Rooms. Any student who changes rooms or removes or exchanges furniture without the consent of the Dean of Students is subject to a fine of two dollars.

College Visitors. A student must get permission from the house counselor or the Dean of Students before having guests overnight in dormitory rooms.

Damage. The student who damages furniture or buildings must pay the expense of repairs. Each occupant of a room will be held responsible for its care and preservation.

General Conduct. The College expects of its students loyal and genuine cooperation in maintaining a high standard of conduct. The College therefore reserves the right to demand the withdrawal of any student whose conduct at any time is not satisfactory to the College, although no specific charge may be brought against the student. Matriculation of the student at the College concedes this right. Gambling and drinking are considered harmful to both intellectual and spiritual growth, and indulgence in either will be regarded as grounds for dismissal. Anyone guilty of possessing or using intoxicating beverages on the campus or appearing on the campus under the influence of beverage alcohol is subject to dismissal.

Motor Vehicles. Second semester and sophomore men and sophomore women who maintained an average of C or above the preceding semester in college may, upon application and approval of the Dean of Students, be granted permission to keep a motor vehicle at Louisburg College. All motor vehicles parked on the campus must be registered by proper College authorities. Specific parking areas are provided for students, faculty, staff, and employees of the College. Students must obey traffic regulations issued by the College.

ADMISSION TO COLLEGE

Application for Admission. The last page of the catalogue is the application for admission form. Upon receipt of the application for admission and the application fee*, the College will forward to the applicant a high-school transcript form to be completed by the principal or guidance counselor.

Every applicant for admission to the freshman class is required to take the Scholastic Aptitude Test of the College Entrance Examination Board, but a cutoff score has not been established. The test is given in November, December, January, March, May and July. It is recommended that the Scholastic Aptitude Test be taken early in the senior year, although junior year scores are acceptable.

Students wishing to make application to take the tests should procure application forms from their secondary schools, or write directly to the College Entrance Examination Board, Box 592, Princeton, New Jersey, 08540, or Box 1025, Berkeley, California, 94701, for the *Bulletin of Information*, which includes an application form and is available without charge. The bulletin lists test centers and gives complete information concerning the tests.

Because of deadlines for filing application to take the College Board tests, the student must make his arrangements well in advance of the testing date so that his application may be received in Princeton or Berkeley by the closing date.

Foreign students are expected to take the Test of English as a Foreign Language.

A medical form is sent to the applicant when his application for admission is acknowledged by the Director of Admissions. If the applicant is under the continuing care of a doctor for physical or emotional problems, or if the applicant is unable to participate in a normal college program, including physical education, he is expected to submit the medical report prior to the admissions decision.

Applications are normally acted upon soon after the admissions credentials are received, but a decision may be deferred until grades are available for the first semester in the senior year. Interviews are not usually required, but visits to the campus by prospective students are encouraged for informational purposes. Appointments with the director of admissions may be arranged by telephone or mail. The admissions office is open daily and until noon most Saturdays.

Admission of non-graduates. A certificate of high-school equivalency based on the Tests of General Educational Development may be submitted by adults.

Admission Units. Of the sixteen units required, at least ten should be in academic subjects for entrance into transfer programs. Although foreign language is not an entrance requirement, two or more units of a modern foreign language are recommended. Beginning courses are offered in French and Spanish for students who are not prepared for advanced standing.

Two units of algebra and one unit of geometry should be presented by students planning to transfer to senior colleges and universities with similar entrance requirements. Louisburg does not offer high-school subjects in its curriculum.

To be admitted to the terminal business program, a student must present sixteen units including four units of English and one unit of typewriting. Advanced courses are available for students presenting two units of typewriting and/or two units of shorthand.

Admission to Advanced Standing. To be admitted to advance standing, students must present official transcripts of work done in other institutions

and statements of honorable dismissal. Credit for work done at other institutions will be given on all work in which the student has received a grade of C, provided the course is taught at Louisburg College. Credit is given for grades of 2 or better on Advanced Placement examinations of the College Entrance Examination Board.

**This fee of \$10.00 covers the cost of processing the application. The fee will not be applied to later charges or refunded, in the event of failure to be accepted or cancellation of the application.*

REGISTRATION AND COURSE CHANGES

Registration. One day of each semester is set aside for student registration, but at the discretion of the Registrar students may pre-register for classes. A fee of \$5.00 for late registration will be charged students who register after the day set apart for this purpose. No student will be permitted to register after the semester has been in session for one week.

The average student load is fifteen or sixteen hours exclusive of physical education except for part-time students. The minimum load that a student may take is twelve hours of regular college work. A student having a B average will be allowed to take one extra hour per semester; a student having a standing between A and B will be permitted to take two extra hours; and a student having a standing of A will be allowed to take three extra hours.

By "hour" is meant recitation of a subject once a week for a semester. Two hours in laboratory or physical education count for one hour recitation.

Change of Courses. A course may be added within two weeks or dropped within three weeks after registration if the change is approved by the student adviser and the Dean of the College. The forms provided must be fully processed to make approved changes official. There will be a charge of \$2.00 for each course change initiated by the student after registration day.

No credit will be allowed on any course for which the student has not properly registered.

The grade of the student who withdraws from a course without following the official procedure is recorded as an F. The student who withdraws from a course after three weeks will receive an indication on his record as to whether he was passing or failing at the time of withdrawal.

REGULATIONS

Class and Chapel Attendance. Students are expected to attend and be on time for every class for which they are registered.

Absences from class will be excused for the following reasons only:

(1) Illness of the student in the College certified by the College Nurse or illness of the student away from college certified in written statement by a physician;

(2) Representation of the College in an activity certified by the responsible faculty member;

(3) Death of a member of the student's immediate family certified by the Dean of Students.

When the number of absences in any course for reasons other than those stated above exceeds the number of semester hours earned in that course, one quality point will be deducted for each excess absence.

To take care of minor emergencies and special occasions—such as medical or dental appointments—a student is allowed TWO absences per semester per course, regardless of the number of class periods per week. Absences should be used sparingly and saved for special occasions.

Students on academic probation are not allowed any unexcused absences.

Absence excuses must be presented to the Dean of the College or the Dean of Students. In emergencies arising while away from the campus students should call the Dean of the College or the Dean of Students.

A student too ill to attend classes or chapel must report to the College Infirmary where medical care will be provided. The College Nurse will excuse these absences.

Students representing the College in any official capacity may be excused from classes upon the recommendation of the faculty sponsor of the activity.

Absences from class immediately before or after holidays shall be counted as double absences.

If a student is more than ten minutes late to a class, it will be counted as an absence unless he has a reasonably good excuse. Each teacher will use his discretion in determining the value of the excuse for being late.

Any student who is absent from classes in any course in excess of 20 per cent of the total class meetings, regardless of the reason for absence, will not receive credit for the course.

Regular chapel attendance is required of all students. Each student is allowed two unexcused absences per semester.

Examinations. Written examinations are held in all classes at the end of each semester. No deviation from the examination schedule is permitted except by special permission of the Dean of the College.

Grades and Reports. Reports are sent from the Registrar's office to parents or guardians twice each semester. Grades are evaluated as follows:

A—Excellent	4 quality points per semester hour
B—Superior	3 quality points
C—Average	2 quality points
D—Below Average	1 quality point
K—Conditional	0 quality points
F—Failure	0 quality points
I—Incomplete	
ABS—Absent from exam	

A student is allowed only one semester to make up an incomplete; after a semester I becomes a grade of F and the course must be repeated for credit.

Transcripts. Each student is entitled to one official transcript of his work, provided all accounts with the College are satisfactorily arranged. Requests for additional transcripts must be accompanied by one dollar for each transcript.

Withdrawal. A student withdrawing from the College must notify the Registrar, the Dean of Students, and the Dean of the College.

Classification. To be classified as a sophomore, a student must have completed 28 semester hours of work with a C average.

Academic Requirements:

1. Any student who fails to attain an average of C on two courses, each of which carries at least 3 semester hours credit, in any semester must appear before the Faculty Board of Review on Student Standards.

2. All students must attain a 1.5 semester hour-quality point average during the first two semesters in order to be eligible to enroll for the third semester.

3. At the end of the third semester the student must attain an over-all 1.75 semester hour-quality point average in order to be eligible to enroll for the fourth semester. Any student who fails to meet the minimum academic requirements is ineligible to register for the next succeeding semester unless

granted probationary status by the Faculty Board of Review on Student Standards.

Student Representation. To represent the College in public performances during his second semester in college, a student must attain at least an average of 1.5 on any 10 hours taken during his first semester. To represent the college in any subsequent semester, a student must attain at least a 1.5 quality point average at the preceding semester or mid-semester grading period. A period of eligibility extends to the beginning of the following semester. These regulations apply equally to athletic events, deputation teams, organizational conventions, and all similar activities.

Probation. Any student who fails to attain a satisfactory average in one semester will be placed on probation for the following semester.

SUMMER SCHOOL

The Louisburg College Summer School provides an opportunity for those who wish to accelerate their college programs to do so, while it also is an excellent time for some to strengthen certain academic areas in preparation for the regular session. Refer to the calendar on page 8 for summer school dates.

REWARDS FOR EXCEPTIONAL ACHIEVEMENTS

Dean's List and Honorable-Mention List. An honor list is issued by the Dean and Registrar at the end of each semester. A full-time student having a standing of 3.5 (half A's and half B's) for a semester will be eligible for the Dean's List issued the following semester. Honorable mention will be given those students who have a standing of from 3.0 to 3.5. The College seeks by every legitimate means to stimulate and reward exceptional achievements in all worthy lines of endeavor.

Honor Graduation. Graduates who have a standing of 3.8 will be graduated *magna cum laude*, and those having a standing of 3.5 will be graduated *cum laude*.

Marshals. The five first-year students who have the highest scholastic averages and are not candidates for graduation are asked to serve as marshals for the commencement exercises. Grades for fall semester and first half of spring semester are averaged.

Honor Fraternities. Seven honor fraternities—Phi Theta Kappa, Alpha Pi Epsilon, Beta Phi Gamma, Delta Psi Omega, Alpha Beta Gamma, Sigma Pi Alpha and Psi Chi Sigma—have chapters at Louisburg College and are open to students who meet their exacting requirements.

The Brantley Medals. The Reverend Allen P. Brantley, a member of the North Carolina Conference of The United Methodist Church, sponsors medals to be awarded to the man and woman candidates for graduation with the highest two-year scholastic average.

The Malone Medal. Mrs. Umphrey Lee of Louisburg has established an annual award for the graduate who has achieved the highest excellence in the field of English. This award is given in memory of Mrs. Lee's father, the late Edwin Hutchinson Malone, a former student at the Male Academy and later a trustee of the College.

English Department Journalism Award. An anonymous donor has established an annual award for that member of the sophomore class with the highest achievements in student journalism. The recipient is selected by a vote of the English Department and of other faculty members who are advisers to student publications.

The Alpha Pi Epsilon Medal. Annually Alpha Pi Epsilon, honorary secretarial fraternity, awards a medal to that business student elected by the business faculty as the most outstanding representative of the Business Department in scholarship, activities, strength of character, and general conduct.

The Taylor Dramatic Award. To recognize and encourage interest in the dramatic arts, the William Raymond Taylor award is presented at commencement to the student judged to have distinguished himself most creditably in the field of dramatics during his college career.

The Sigma Pi Alpha Award. Sigma Pi Alpha, the honorary language fraternity, gives special recognition for outstanding work in foreign language and scholarship. Special consideration is given to outstanding progress during the year.

The Isaac D. Moon Award. Given to the most outstanding senior in the fields of leadership, scholarship and citizenship. Established by the Sophomore Class in 1961 in honor of Professor Moon, member of the faculty since 1936.

Music Award. This award is presented to the student who has made the most outstanding contribution to the total music program at the College during the current school year.

History Department Award. Awarded to a student in the History Department who attains a grade point average of B or better on specified history subjects and at least a B average on all other subjects in which the student is enrolled. The preferable recipient shall be a history major of outstanding character who best exemplifies the Louisburg tradition of excellence.

Chemistry Award. A chemistry award is given each year to the freshman chemistry student who, in the opinion of the Department of Chemistry, has achieved the highest excellence in the first year chemistry.

Psychology Award. An annual award is presented by Psi Chi Sigma Honorary Psychology Fraternity to a sophomore with a B average or better in psychology, and who plans to minor or major in the field.

CURRICULA

Requirements for Graduation. The courses offered at Louisburg College are centered around three major curricula: General Liberal Arts, Science and Business. Degrees offered are the Associate in Arts (A.A.) degree, the Associate in Science (A.S.) degree, and a business certificate for those completing the one-year business course. Sixty-four semester hours constitute the minimum requirement for the Associate in Arts and the Associate in Science degrees.

The General Liberal Arts curriculum includes the following: Liberal Arts, General Course, pre-ministry and pre-religious education, and lay pastors.

The Science curriculum includes the following programs: emphasis in the biological or physical sciences, pre-dentistry, pre-medicine, and pre-nursing.

The Business curriculum which also carries the Associate in Arts degree, includes pre-business administration, general terminal business, and the one-year business course leading to the one-year business certificate. Students planning to transfer to schools of business administration should follow the Liberal Arts curriculum.

SPECIAL ACADEMIC PROGRAMS

In order to meet some of the specific needs of students the College has instituted several special programs.

1. *Freshman Honors Sections.* A special honors program in freshman English at Louisburg College will give a student six semester hours of credit for the fall semester's work. A second semester of study will give three credit

hours, for a total of nine for the program. In its fourth year, the honors program will offer a meaningful experience for those who want the challenge. Student participation is encouraged as a learning tool and is used with the more traditional lecture. A small group provides for an ideal situation for stimulating forums. In 1968 verbal Scholastic Aptitude Test scores of the students ranged from 498 to 642 and averaged 569.

2. *Sophomore Seminars.* In participating departments, certain sections are designated "Sophomore Seminar Sections". In these, ten to fifteen qualified students are enrolled. Each student is expected to make at least one in depth presentation of a specific aspect of the course, placing emphasis upon the primary sources. A panel of two or three students is chosen to review and criticize the presentation from the standpoint of secondary sources. A student who in his freshman year in a given subject demonstrates potential and an inquiring mind may be invited to enroll in one sophomore seminar.

3. *Limited Tutorial Program.* A student who may indicate (a) great potential but poor motivation, or (b) average or better potential but with a lack of technical ability, or (c) average ability but poor motivation may voluntarily be withdrawn from the regular section in which he has enrolled to engage in independent study with the instructor in such a way that the student may move at an optimum rate through the material of the course.

Business

Students planning a degree in business administration are urged to take general liberal arts subjects with certain basic business subjects.

Louisburg College offers business programs of two years and of one year for students who do not plan to transfer to senior colleges. Upon the satisfactory completion of the two-year business curriculum, the student will be awarded an Associate in Arts (A.A.) degree. Upon the satisfactory completion of the one-year business curriculum, the student will be awarded a one-year business certificate.

All work taken in meeting the requirements of the one-year business certificate will count toward the Associate in Arts diploma should the student return for the second year.

It is the purpose of the College to give the student taking a business course the necessary business subjects as well as general educational opportunities.

It is recommended especially that one-year shorthand students who have had no bookkeeping take Secretarial Accounting, which is offered primarily for one-year students and carries no transfer credit. Secretarial Accounting may not be substituted for Accounting 121-122 by those who do not take shorthand.

**Students who enroll in the one-year business curriculum should choose electives from the following: Introduction to Business, Salesmanship, Business Law, Economic Geography, Business Mathematics, Office Machines.

COURSES OF INSTRUCTION

The courses numbered 100 to 199 are designed for the first-year students; the courses numbered 200 to 299 are designed for second-year students. These courses are often interchangeable, but first-year students desiring to take any course numbered 200 or over may do so *only* after consultation with the head of the department concerned. In general, courses ending in odd numbers are offered in the first semester, while courses ending in even numbers are offered in the second semester. Many are generally offered in either semester.

Except in unusual cases a class will not be taught unless there are at least five students enrolled for it.

MR. SHEARIN

<i>Course number</i>	<i>Credit hours, per semester</i>
Business 101-102. Typewriting	2
<i>First and second semesters: 3 hours a week</i>	

Review of the keyboard, the parts of the machine, the techniques of typewriting. Included in the instruction are drills and tests for accuracy and speed, letter-writing, manuscript typing, and the typing of tabulated materials and other problems designed to build occupational competence in office typing. The speed goal for this course is forty or more words a minute. **Note:** A special class is offered for beginners, if there is a sufficiently large number to warrant it.

Business 201-202. Typewriting	2
<i>First and second semesters: 3 hours a week</i>	

An advanced course emphasizing independent work in the reading and following of instructions. Special attention is given to the typing of different styles and kinds of letters; to the typing of reports; and to the typing of tabulated, legal, and statistical material, and manuscript and specialized problems. BIOLOGY

Biology 101-102. (General Biology) 4*First and second semesters: 3 hours of lecture and one 3 hour lab per week. Biology 101 prerequisite for Biology 102*

An introduction to biological structure, function, processes, principles, and concepts as they apply to both plants and animals. Biology 101 deals mainly with the chemical and cellular basis of life, the biology of organisms, and cellular reproduction. Biology 102 continues with genetics, ecology, evolution, and the origin and diversity of life.

Invertebrate Zoology 211. 4*First semester: 3 hours lecture and one 3 hour lab a week*

A phylogenetic discussion of major invertebrate phyla including topics in taxonomy, morphology, physiology, ecology, and evolution. Prerequisite: Biology 101-102.

Biology 201. General Bacteriology 4*Second semester: 2 single and 2 double periods*

The study of microorganisms, covering the principles and techniques of bacteriology. Especially for students planning to enter the field of medical technology. Prerequisites: Chemistry 101-102 and two semesters of biology.

Biology 221. Plant Ecology 4*Second semester: 3 hours lecture and one 3 hour lab a week*

A study of the plant communities and successional factors in the lower piedmont of North Carolina. Prerequisites: Biology 101-102.

CHEMISTRY**Chemistry 101. General Chemistry** **3***First semester: 3 hours lecture a week*

An introductory course covering fundamental concepts: atomic and molecular theory, chemical bonding, classification by Periodic Law, chemical reactions and stoichiometry. Corequisite: Chem. 101L.

Chemistry 101L. General Chemistry Laboratory **1***First semester: one 3 hour lab a week*

Laboratory work to supplement Chem. 101 with an emphasis on quantitative determinations. Corequisite: Chem. 101.

Chemistry 102. General Chemistry **3***Second semester: 3 hours lecture a week*

A continuation of Chem. 101 for students not needing additional chemistry courses beyond the freshman level. Topics include quantitative stoichiometry, nuclear chemistry, organic chemistry, and chemical equilibrium. Prerequisite: Chem. 101. Corequisite: Chem. 102L.

Chemistry 102L. General Chemistry Laboratory **1***Second semester: one 3 hour lab a week*

Laboratory work to supplement Chem. 102 with an emphasis on volumetric and instrumental analysis. Prerequisite: Chem. 101L. Corequisite: Chem. 102.

Chemistry 103. General and Analytical Chemistry **3***Second semester: 3 hours lecture a week*

A continuation of Chem. 101 for students needing courses in chemistry beyond the freshman level. The course includes quantitative stoichiometry, chemical equilibrium, and electrochemistry. Prerequisite: Chem. 101. Corequisite: Chem. 103L.

Chemistry 103L. General and Analytical Chemistry Lab **1***Second semester: one 3 hour lab a week*

Laboratory work to supplement Chem. 103, volumetric and instrumental analysis. Prerequisite: Chem. 101L. Corequisite: Chem. 103.

Chemistry 201. Organic Chemistry **3***First semester: 3 hours lecture a week*

The essential principles and reactions of organic chemistry with interpretation through modern electronic structures and reaction mechanisms. Prerequisite: Chem. 102 or Chem. 103. Corequisite: Chem. 201L.

Chemistry 201L. Organic Chemistry Laboratory **1***First semester: one 3 hour lab a week*

Laboratory work to supplement chem. 201 emphasizing techniques of separation, synthesis, and analysis. Both chemical and spectrophotometric methods are applied in analysis. Prerequisite: Chem. 102L or Chem. 103L. Corequisite: Chem. 201.

Chemistry 202. Organic Chemistry **3***Second semester: 3 hours lecture a week*

A continuation of Chem. 201. Prerequisite: Chem. 201. Corequisite: Chem. 202L.

Chemistry 202L. Organic Chemistry Laboratory **1***Second semester: one 3 hour lab a week*

A continuation of Chem. 201L. Prerequisite: Chem. 201L. Corequisite: Chem. 202.

PHYSICS**Physics 201-202. General Physics 4***First and second semesters: 3 hours lecture and one 3 hour lab a week*

Essential principles of physics from the theoretical and practical viewpoints emphasizing the mathematical solution of problems supported by planned and systematic laboratory illustrative exercises; precision measurements and calculations with constant checking with the theory; application of the principles of physics to human activities. Prerequisites: Mathematics 101, 102.

PSYCHOLOGY**Psychology 201. General Psychology 3 or 4***First or second semester: 3 or 5 periods a week*

A general survey of psychology as a behavioral science. Lectures, demonstrations, and outside reading in the areas of motivation, sensory processes, perception, learning, emotion, intelligence, and mental health. (Attendance at the laboratory, which is optional, brings the credit-hour total to 4 hours.)

EXPENSES

Louisburg College is a non-profit institution. Its purpose is to give ambitious and purposeful young people the opportunity to get two years of college education. Through the years, thousands of friends have donated the resources of the College in land, buildings, equipment, operational expenses, and endowment. The teachers also have given devoted service. Consequently, the College has been able to keep its expenses to an absolute minimum. The actual cost per student greatly exceeds the amount charged the student. The College reserves the right to revise the charges whenever conditions demand such revision.

Student Financial Aid

For students who are financially unable to meet the full expense of attending college, Louisburg College offers assistance in the form of scholarships and loans. Through the years friends of the College have contributed funds to the endowment with the expressed desire that the income from such funds be used to help worthy students. For students who can satisfy the College administration as to their need for help, the Board of Trustees authorizes the awarding of a number of scholarships. Three types of financial aid are available: (1) scholarships; (2) self-help, including the Work-Study program; and (3) loans. Tuition credit through part-time jobs amounts to around \$400. Work-Study grants under the Federal Economic Opportunity Act amount to approximately \$400. The Parents' Confidential Statement of the College Scholarship Service is used to determine financial need. This form may be obtained from the secondary-school or from the Director of Financial Aid.

Information To Veterans

The College is approved for providing training under Provisions of Chapter 34, Title 38, U.S. Code, G.I. Bill effective, June 1966; Chapter 35, Title 38, U.S. Code, the children of deceased or disabled veterans; and Public Law 894, for disabled veterans.

Students enrolling under provisions of Chapter 34 and 35 will pay fees at the time of registration but receive a monthly education and training allowance from the Veterans Administration. Since the first check is usually delayed, a veteran should make his arrangements early.

Students may contact the Veterans Administration Regional Office, 301 North Main Street, Winston-Salem, North Carolina for information and necessary forms.

The Tuition Plan

For those parents who prefer to pay their educational expenses in convenient monthly installments, we are pleased to offer The Tuition Plan. This program was founded in 1938 and is offered by more than 850 schools, colleges, and universities. Over a quarter-million parents have used the Plan to budget their educational expenses.

Under this program parents may spread one year's expenses over 8 or 10 months. Two years' cost may be spread over 20, 30, or 36 months.

Parent Life Insurance to guarantee an uninterrupted education for the student is automatically included in the 20, 30, and 36 payment plans.

Detailed information concerning The Tuition Plan is mailed to parents each summer or you may write to the Director of Student Aid for a descriptive pamphlet.

Gifts to Louisburg College

Charitable giving for educational purposes is one of the most satisfying investments. The educational program at Louisburg College provides an excellent opportunity for the conscientious investor. If one believes that the small church-related junior college should be supported—that its program should continue to provide opportunity for academic excellence in the atmosphere of individual care, then he will be challenged by the opportunities at Louisburg.

Whether a gift is designated for capital improvement, endowment, scholarships, special memorials, or operating costs, whether a gift is undesignated to be used where it is most needed, or whether a gift takes the form of an outright gift of cash or property, a charitable remainder trust, or a living trust, etc., the wishes of the donor will be carried out at Louisburg.

Wise estate planning which utilizes maximum tax savings and further reductions from taxation through charitable giving is a must for thinking people of this generation. Those who are interested in learning of the implications of charitable giving should contact the Director of College Relations at Louisburg College for competent information without obligation.
